

The Northern Sky Awakens

SA

Gerda Blok-Wilson

The Northern Sky Awakens was written for the Musical Theatre Production, "Which George is Which" by Gordon Long. The song, a reflection of images as the sun rises on the Cranbrook hillside just outside Prince George (Northern BC). However, it could just as easily be identified with many northern areas across Canada.

It was also chosen as the winning entry in the PG Foundation's millennium poem and song contest. It is performed on the Prince George Bel Canto Choir's first CD entitled **Northern Voices**.
